

GroundMatz™ Bundles

Ground Nurse offers bundles combining GroundMatz™ or TrackMatz™ with a MatStor™ Stillage for easy transport and storage. Options include HDPE or LDPE mats in various colours and load capacities to suit construction, mining, landscaping, and events.

Each bundle provides a \$150 saving and ensures efficient ground protection with organised on-site handling.

Ground Mats

Features

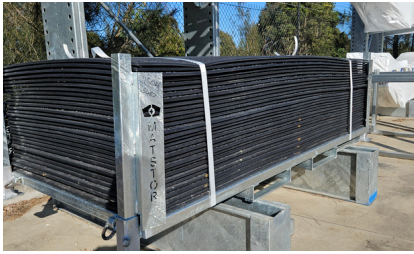

- **Better Site Organisation** – Stillage keeps mats neatly stored.
- **Long-Term Cost Savings** – Bulk pricing reduces overall costs.
- **Improved Worksite Efficiency** – Faster setup and pack-down.
- **Easier Transport & Handling** – Move multiple mats safely at once.
- **Longer Mat Lifespan** – Proper storage reduces wear and damage.
- **Scalability for Future Projects** – Always have mats ready to go.

**Store Smarter.
Work Faster.**

Protection from the ground up.

The MatStor™ Stillage features legs that rotate outward for a stable, space-saving base, ensuring secure storage and easy transport of mats while protecting them from damage.

Code	Bundle Name	Mat Qty	Mat Type	Mat Dimensions (mm)	Mat weight (kg)	Load Rating (tonnes per axle)
28200	GroundMatz™ HD, Black + Stillage	30	HDPE, Black	2400 x 1200 x 18	39	80
